**Summary of Telephonic Interview**

It is noted that the Examiner contacted applicant's attorney on 04/04/2006 in order to get approval for an Examiner's amendment to the claims. The following summary is to provide a complete and proper recollection of the substance of the interview:

- (A) no exhibit was shown nor any demonstration conducted;
- (B) claims 1, 5, 12, 24, 29, and 33 were discussed;
- (C) no prior art was discussed;
- (D) it was agreed that an Examiner's Amendment should be entered to replace "remapping the first GID with a second tunnel label" with --remapping the first GID with a second tunnel label when a failure occurs that necessitates changing the first tunnel label-- in the identified claims to qualify when remapping of the first GID should occur;

(E) the examiner pointed out that the identified claims would more clearly point out and distinctly claim the invention with the suggested amendments;

(F) no other pertinent matters were discussed;

(G) applicant agreed to the proposed Examiner's Amendment; and

(H) no portion of the interview was conducted via electronic mail.

Respectfully submitted,
